Some stupid chick in the checkout line  
Was paying for beer with nickels and dimes  
And some old man who clipped coupons  
Had argued whenever they wouldn't take one  
All I wanted to was buy some cigarettes  
But I couldn't take it anymore so I left

I hate everyone (4x)

All the people on the street, I hate you all  
And the people that I meet, I hate you all  
And the people that I know, I hate you all  
And the people that I don't, I hate you all  
Oh, I hate you all

Some fucking asshole just cut me off  
And gave me the finger when I fucking honked  
Then he proceeded to put on the brakes  
He slammed on the brakes, but I made a mistake  
When I climbed out of my van he was waiting  
But he was six three and two hundred pounds of Satan

I hate everyone (4x)

All the people on the street, I hate you all  
And the people that I meet, I hate you all  
And the people that I know, I hate you all  
And the people that I don't, I hate you all  
Oh, I hate you all

I bet you think I'm kidding  
But I promise you it's true  
I hate most everybody  
But most of all I hate  
Oh, I hate you

All the people on the street, I hate you all  
And the people that I meet, I hate you all  
And the people that I know, I hate you all  
And the people that I don't, I hate you all  
And the people in the east, I hate you all

And the people I hate least, I hate you all  
And the people in the west, I hate you all  
And the people I like best, I hate you all  
Oh, I hate you all
