I'm so nervous it shake the fingertips that are coursing  
through your hair.

With those lovely lips that are made to kiss oh you put  
me in a spin.

You've got a body of a goddess

You've got the moves that make me sweat

You've got a voice that makes me breathless.

Girl I've got you

Under a spell and I don't think ill be letting you out.

I've got you!

If this is heaven then baby I don't want to know hell.

She says my singing gets her thinking filthy,

The thoughts shes thinking I know I'm not worthy.

I know what I need to sweep her off her feet

She knows the work will damn near kill me.

Girl I've got you

Under a spell and I don't think ill be letting you out.

I've got you!

If this is heaven then baby I don't want to know hell.

Girl I've got you

Under a spell and I don't think ill be letting you out.

I've got you!

If this is heaven then baby I don't want to know hell.

Girl I've got you

I've got you

She makes me weak at my knees.

Take me!

Take me!

She cant resist me,

She's just what i need,

She makes me so weak at my knees.

At my knees.

Girl I've got you

Under a spell and I don't think ill be letting you out.

I've got you under a spell

Girl I've got you  
Under a spell and I don't think ill be letting you out.  
I've got you!  
If this is heaven then baby I don't want to know hell.

Girl I've got you  
Under a spell and I don't think ill be letting you out.  
I've got you!  
If this is heaven then baby I don't want to know hell.

If this is heaven then baby I don't want to know hell.
