So let's talk
Sit down darling, let's talk
Those green eyes could only get you so far
And I'm wrong
You know darling, I'm wrong
My mind is weak and now it's wandered off

Hello misfortunate, it seems you've lost it all
You've got the saddest eyes the world has ever known
Darling wipe those tears away
And let the liquor course through those veins

Shh, you stumble to the bed
You're eyes are soaking wet
You better wipe the makeup from the lovely dress
Drink soft, no nightmares
You tiptoed around everyone who cared

So let's talk
C'mon darling, let's talk
Those green eyes could only get you so far
Yeah, yeah

Hello Mr. Fortunate, it seems you've got it all
You've got the best disguise the world has ever known
Drink up, your nightmares
And let the liquor drown out your shame

So let's talk
C'mon darling, let's talk
Those green eyes could only get you so far
And I'm wrong
I know darling, I'm wrong
My mind is weak and now it's wandered off
Yeah, yeah

Give up on love, I'm trustless
Give up on trust, I'm loveless
And now it's time to let you go, yeah
Give up on love, I'm trustless
Give up on trust, I'm loveless
And now it's time to let you go, yeah

So let's talk
C'mon darling, let's talk
Those green eyes could only get you so far
And I'm wrong
I know darling, I'm wrong
My mind is weak and now it's wandered off, yeah
