I'm so nervous it shakes the fingertips that are
Coursing through your hair
With these lovely lips that are
Made to kiss
You know you put me in a spin
You've got the body of a goddess
You've got the moves that make me sweat
You've got a voice that makes me breathless

Girl I've got you
Under a spell and I don't think I'll be letting you out
I've got you
If this is heaven then baby I don't wanna know hell.

She says my singin' gets her thinkin' filthy
The thoughts she's thinkin', I know I'm not worthy
I know what I need to sweep her off her feet
She knows the work
Will damn near kill me.

Girl I've got you
Under a spell and I don't think I'll be letting you out
I've got you
If this is heaven then baby I don't wanna know hell
I've got you
Under a spell and I don't think I'll be letting you out

I've got you
If this is heaven then baby I don't wanna know hell

She can't resist me
She's just what I need
She makes me so weak
In my knees, in my knees
She can't resist me
She's just what I need
She makes me so weak
In m knees, in my knees

I've got you
Under a spell and I don't think I'll be letting you out
I've got you

Under a spell!

Girl I've got you

Under a spell and I don't think I'll be letting you out

I've got you

If this is heaven then baby I don't wanna know hell

I've got you

Under a spell and I don't think I'll be letting you out

I've got you

If this is heaven then baby I don't wanna know hell

Baby I don't wanna know hell!

If this is heaven then baby I don't wanna know hell
