You
You make me hot
You make my body feel delirious.
Please
Don't ever stop
Listen when I'm being serious.
'Cause you and I were made for each other
A habit that is hard to break!
Don't you want my love
Don't you need my body?
Don't you want my love?
Won't you take my heart until we get started?
Then you'll want my love!
Hot is how I feel when you bring your body next to
mine.
Heat
It feels so real
'cause sweat runs down my body everytime.
'Cause you and I just one night together
A memory you'll never regret!
Don't you want my love
Don't you need my body? . . .
Don't you want my love - don't you want my love -
Don't you want my love?
'Cause you and I were made for each other
A habit that is hard to break!
Don't you want my love
Don't you need my body? . . . (3x)
