Yo what the deal, son  
Pulling up to my crib  
If you ain't call before you came yo, you ain't gettin' in  
It's just as simple as that  
And so don't get left around  
You better get on you came with  
And be gone before sundown because I'm comin' out  
swinging  
Soon as I hear the bell ringing, you got five seconds to  
count  
(4 3 2 1)  
To get off my cement  
And uh wait for my place before I call Jake  
And have you locked up on your birthday  
And the keys thrown away

Boy I could've sworn that I told you that  
All those other phone numbers in my  
Pager don't mean Jack to me  
So if you gonna start actin' crazy save it  
Don't even try to play me for your  
Own uncalled insecurities

When all I ever do is give you my time  
(My time, my time)  
We be fightin' over the stupidest little things  
(Little thing, little things)  
The way you actin' lately, it's not right  
(Not right, no no it's not right)  
So if you're gonna be shady  
Then I can't be your lady  
No more

Boy how many time I gotta tell you that  
When I'm on the road I can't answer my  
Phone every single time it rings  
Next time you leave a message, stop  
Thinkin' and screamin' that I'm cheatin'  
You know thats not my steez

When all I ever do is give you my time  
(My time, my time)

We be fightin' over the stupidest little things  
(Little thing, little things)  
The way you actin' lately, it's not right  
(Not right, no no it's not right)  
So if you're gonna be shady  
Then I can't be your lady  
No more

Baby what I do  
To make you feel this way  
I never thought you'd change  
Especially towards me  
You've been saying things, that's  
Makin' me believe, that you're so insecure  
And the reason is 'cause me

When all I ever do is give you my time  
We be fightin' over the stupidest little things  
The way you actin' lately, it's not right  
So if you're gonna be shady  
Then I can't be your lady  
No more

When all I ever do is give you my time  
We be fightin' over the stupidest little things  
The way you actin' lately, it's not right  
So if you're gonna be shady  
Then I can't be your lady  
No more

When all I ever do is give you my time  
We be fightin' over the stupidest little things  
The way you actin' lately, it's not right  
So if you're gonna be shady  
Then I can't be your lady  
No more
