Please believe yourself and carry on
How can I resist from saying why
Still I always see you come and go
It's not what I hate the most

But please don't make me see
Don't make me like it
Cause I like it
Would you be lonely with me
If you could only talk

And I don't like it
I don't care for it
Holding what you see

And I don't like it
I don't care for it
Holding what you

Wait until you see me get along
It takes a while to save the money lost
Still it makes me feel I'm doing wrong
There's nothing warped with what I want

"Girl, fear, Iâ€™m can feel,
what Iâ€™m fell, what Iâ€™m don't feel
word, Iâ€™m feel and is wrong it's feel
sing my fears, my feel"

Please don't make me see
Don't make me like it
Cause I like it
Would you be lonely with me
If you could only talk

And I don't like it
I don't care for it
Holding what you see

And I don't like it
I don't care for it

Holding what you see
