

Monoral "Tame Me"

Visit "[Tame Me](#)" on MotoLyrics.com

I can feel the stain
You've left inside me
And I couldn't see
How far I am
How far I am
How far I am
From this endless tunnel

I can't hear the claims
You make about me
And I could not deceive
How far I am
How far I am
How far I am
From this endless tunnel

And you can tame me
And you would not believe
How you contain me
Inside your mind I long
And you can say the words
I fear

I can feel the stain
You've left inside me
And I couldn't see
How far I am
How far, how far, how far...

And you can tame me
And you would not believe
How you contain me
Inside your mind I long
And you can say the words
I fear
