I can hear this silence crawl around  
Hello, you thinkers  
Hello, you fakers  
And I see the summer drown you dry  
Hello, you lovers  
Hello, you dreamers

When I feel so insecure  
I will need you, turn around

There's no one left to decide who is right or wrong  
Waiting's not enough for you  
Wasting what I want the most  
Tuesday's gone and I'm tasting it over  
Let me reside with the same old view  
Sharing's all I need from you  
Taking what I want the most  
Tuesday's near and I wish that you were here

I can feel this sadness drag you down  
Hello, you talkers  
Hello, you sleepers  
And I see this madness close your eyes  
Hello, mistreaters  
Hello, you weepers

When I feel so insecure  
Grace my day  
Please, stay around

There's no one left to decide who is right or wrong  
Waiting's not enough for you  
Wasting what I want the most  
Tuesday's gone and I'm tasting it over  
Let me reside with the same old view  
Sharing's all I need from you  
Taking what I want the most  
Tuesday's near and I wish that you were here

If this comfort holds you down  
I would gladly pull you out

It's a heavy  
(Keep, keep, keep me awake somehow)  
(Keep, keep, keep me awake somehow)  
It's a heavy  
(Keep, keep, keep me awake somehow)  
(Keep, keep, keep me awake somehow)  
It's a heavy  
(Keep, keep, keep me awake somehow)  
(Keep, keep, keep me awake somehow)  
It's a heavy  
(Keep, keep, keep me awake somehow)  
Now
