I'm leaving town today
With everything I've learned
I wonder how you fared
Since that day

Cause I've never really cared
Promises so vague
On the counter here I am
High above

Catch me with your smile
I'm here to dare

This time I'm yours
Cause I know now how you feel
I know exactly how you feel
As time goes by
This time I'm yours
Cause I know now how you feel
I know exactly how you feel
As time goes by

Staring at your street
With everything I own
Staking out my dreams
Since that day

Cause I've never really shared
Promises so frail

On the counter here I am
High above

Catch me with your smile
I'm here to dare

This time I'm yours
Cause I know now how you feel
I know exactly how you feel
As time goes by
This time I'm yours

Cause I know now how you feel
I know exactly how you feel
As time goes by

For all the times you've plummet
And all the times you've bled
Trying to forget

This time I'm yours
Cause I know now how you feel
I know exactly how you feel
As time goes by
This time I'm yours
Cause I know now how you feel
I know exactly how you feel
As time goes by
