Here we go, another day in Paradise,
Another day to thank God you're by my side.
Ain't nobody in the world for me but you,
It's true, baby that's right!
You give me faith and believe in everything,
And give me wonderful, of what your bring,
That's how I feel with you out here, now.

Chorus:

I need you beside me, side me, side me,
I need you beside me, side me, side me,
I need you to tell me that you'll never go away!

So I say:

I need you beside me, side me,
Side me, side me, side me,
Baby love me, love me, love me!

Oh! I need you to promise me
That you'll always stay the same,
I promise you that I'll give you anything,
Everything that you could ever need
Trust in me, baby that's right!
You are the vision of every fantasy
And forget that I love your honesty!
You are the life and that's my way I say:

Chorus:

I need you beside me, side me, side me,
I need you beside me, side me, side me,
I need you to tell me that you'll never go away!

So I say:

I need you beside me, side me,
Side me, side me, side me,
Baby love me, love me, love me!

I look at you and I smile cause I know you're mine,
Time after time you define what is on my mind.
You fixed the broken piece in my heart,
You are the light in the dark,
You're everything that I need
Hear, next to me.

I know you see, it's you and me,
It's every day we fall in love again.
We'll run away together and say,
Just don't forget that you're,

Chorus: (X2)

I need you beside me, side me, side me,
I need you beside me, side me, side me,
I need you to tell me that you'll never go away!

So I say:

I need you beside me, side me,
Side me, side me, side me,
Baby love me, love me, love me!
