Last night I dreamt of you again  
I couldnt sleep you were running through my head  
They tell me Im going crazy

Invade your conscience to keep me alive  
Desperation says to give it one more try

And the worst part is knowing that, you dont know a  
thing at all

Dont say you didnt  
I know you still mean it  
Oh give it time to let these feelings die

Now Im stuck here empty  
Oh would you just let me  
believe youll find your way back home  
Oh kyra whered you go

Last night I gave up on myself  
I used to sleep with your breathing on my ear  
Now it doesnt feel the same

Excuse me girl but i wont lie  
Im holding on to every line

From a love letter  
Read until my lips run dry  
Realize this was never wasted time at all

Dont say you didnt  
I know you still mean it  
Oh give it time to let these feelings die

Now Im stuck here empty  
Oh would you just let me  
believe youll find your way back home  
Oh kyra whered you go

I will find you  
And like you used to know  
I ain't made of stone but Ive got a heart of gold

Standing on my own  
Pick myself up then go  
I've tried so hard just to keep you close.
