It's not that I don't like having you around
But I give and you never give back anything
And I feel all dried out

Do you even know what you're doing to me?
I bet you don't but I'd like to think
That one of these days I'll just forget
But forgetting's not an option for me yet

Because I see you every day
Yeah I see you every day
And how can I forget your face
When I'll be seeing you today?

You lead me on so well, and baby it's not right
You keep just out of reach but always in my sight

Maybe I'll go someplace far and new
Then maybe I'd fall out of love with you
I'll try to love somebody else, if I can-
but I don't stand a chance

Because I see you every day
Yeah I see you every day
How can I forget your face
When I'll be seeing you today?

I don't seek you out, so why do I find
You around every corner of my mind?
I need this to end for my sanity
Don't try to be my friend, just set me free
Oh how can I be free?

When I see you every day
Yeah I see you every day
And how can I forget your face
When I'll be seeing you today?

I'll be seeing you today
I'll be seeing you today
I'll be seeing you
