(Verse)

I feel like I'm gone off the bar
And I'm getting way too throwed.
My body's numb but I just can't get enough, yeah.
Sitting here twisting off the top to my prescription
Girl, if you ain't into sipping than you don't know what
you're missing
Know somebody's playing with it if you get to making
bubbles
If not I'm gonna mix it like an interracial couple
Got my styrofoam doubled, two boppers, ooh, that's
trouble
Cause I fell asleep on her and her friend
I'm headed back to the doctor soon as I come out this
coma
Just to tell him that I knock my bottle over.

(Hook)

Can I get a refill?
Can I get a refill?
Can I get a refill?
Yeah
A codeine, it's like the tower of pisa I lean
Yeah baby girl you know my drink it's cooler,
And it's no such thing it's too much, yeah.
I feel like I'm gone off the bar
And I'm getting way too throwed.

(Verse)

Wishing and I'm hoping that this drink will keep me
floating
My cabinet please don't go in it's full of seals like the
ocean
Don't fool with pills, I try smoking, but it don't quite
compare,
One sip of that purple potion I sleep like a bear.
Yeah I hibernate once I down a 8, might just pour a pint
Of a fresher snapple now I'm straight, I let go of
sprites,
Promathezine in my taste buds, I drink mud like water,
Excuse me doc I'm all out and starting to cough harder,

um.

(Hook)

Can I get a refill?

Can I get a refill?

Can I get a refill?

Yeah,

A codeine, it's like the tower of pisa I lean

Yeah baby girl I keep that all in two cups

Though in the streets they charging too much, yeah

I feel like I'm gone off the bar

And I'm getting way too throwed

(Verse)

Rest in peace to Robert Davis, Patrick, Chad, and Kenny

I sip syrup 'cause I like the taste the lean is just the
incentive,

Stains all on my denim

Pints I sipped about two or three

And truefully I'm all out like nudity.

(Hook)

Can I get a refill?

Can I get a refill?

Can I get a refill?

Baby, can I get a refill?

I feel like I'm going off the bar and I'm getting way too
throwed

My body's numb but I just can't get enough...
