There was a time  
When i was so alone  
Nothing broke through  
The walls  
The walls that i created for me

Divine...

So i searched inside myself  
For what i felt to be wrong  
And i found that i was looking  
For what i couldn't make happen  
Anymore

Divine...

And the people all said to you  
Watcha' doing here  
Why cant you just keep on  
Moving?  
Well you say it all the time  
You say it all the time  
Sing it to me  
Sing it to me like you mean it

Divine....
