Pretend we never met,
Maybe that's what we should do

Pretend you never met me
And I'll pretend I never met you

It doesn't seem likely,
That we'll forgive and forget

Maybe it's just time
We pretend we never met

Pretend I never hurt you
And you never cried

I'll leave out parts of the story
That way I never really lied

We'll pretend that nothing's wrong
Cause we were always good in bed

Now all we have to do-o-o-o-o
Is pretend we never met.

Everything that we still feel
We'll pretend it isn't real
Nobody's got to beg anybody to stay
You don't have to sit and worry
I won't have to say I'm sorry
We can just get up and walk away

Pretend we never met
It won't be that hard

We'll just shuffle up the deck
Oh and deal another card

Pretend that had we never... oh no no no
That way there's nothing to regret
And that'll be the end (now baby)
We'll pretend we never met

Pretend that we had never... oh no no no
That way there's nothing to regret

And we'll just walk away...
We'll pretend we never met.

Pretend we never met...
