I left my world, my friends, my way

a long time ago
My destiny, my future are in doubt,

now I don't know where to go
My past is full of actions

that stain my dignity, full of crime
I would not go back in my steps

'cause my soul was erased by time

I can't recognize my face:

the man I was is not the man I see now
I made so many sacrifices,

so many times you asked me to try again

but time erased every desire we had,
the sand has covered our wasted lives

Destroyed like a page,

torn from the essence of a non-existing book,

born from the ashes of desire,

devoured by temptation,

marginalized by humanity:

eternal damnation as the worst punishment

Remembering all the sorrow I caused,

wounded by indifference, cynicism,

coldness of the people I had around

and now I can't feel anything

I'm losing myself in self-pity,

the only sound that I can hear is my breathing
Oh apathy steps forward my heart, there's no way out.
I'm losing myself in self-pity,

the only sound that I can hear is my breathing.
Oh agony steps forward my heart, there's no way out

I left my world, my friends, my way

a long time ago
My destiny, my future are in doubt,

now I don't know where to go
My past is full of actions

that stain my dignity, full of crime
I would not go back in my steps

'cause my soul was erased by time

Destroyed like a page,

torn from the essence of a non-existing book,

born from the ashes of desire,

devoured by temptation, marginalized by humanity:

eternal damnation as the worst punishment

I've forgotten the times I spent enjoying the best
moments of my life
Chained in a world that doesn't want me anymore
