That time you woke up in the night, you felt cold and  
you started to tremble  
Reborn in me oh merciful life

You deserve a better way

Don't let the universe stomp on you

Fuck!

No chance to run away from this guillotine  
"Remember you'll always be unique"  
Wasted words whispered in a rainy night,

when haze caressed your face, and your voice moved  
me to tears

Fight!

Fight for freedom

Fight for your life  
Fight with the soul

Defend yourself

I am forsaken, I am impure  
Purify my sins, give me a sense of existence,

give me a future, show me the way to follow

That time you woke up in the night, you felt cold and  
you started to tremble  
Reborn in me oh merciful life

Fight!

Fight for freedom

Fight for your life  
Fight with the soul

Defend yourself

I am forsaken, I am impure  
Purify my sins, give me a sense of existence,

give me a future, show me the way to follow

When you think things are going badly be prepared for  
the worst,  
so be prepared to live the worst time of your life

without the anguish of death
