lookin down on you, makes me want to re-think giving  
in.

cause when I think we're through, you turn around and  
fight for what you believe in.

I want to tell you I love you, the way that I do,

but there's no use in workin on what we know is  
through.

CHORUS:

I wont swallow my pride after the things I said that  
made you break down and cry,

Im going to walk out tonight, without even saying  
goodbye.

and maybe we can move on, with the rest of our lives.

don't try and stop me now, im headed for the door.

just like id thought about, a hundred times before.

I cant turn around and watch you, watching me walk  
away.

but as I took my last step out the door, I heard you say,

CHORUS:

I wont swallow my pride after the things I said that  
made you break down and cry,

Im going to walk out tonight, without even saying  
goodbye.

and maybe we can move on, with the rest of our lives.

BREAK

CHORUS:

I wont swallow my pride after the things I said that  
made you break down and cry,

Im going to walk out tonight, without even saying  
goodbye.

and maybe we can move on, with the rest of our lives.
