[Verse 1: Ab-Soul]

What's your life about, enlighten me  
Is you gonna live on your knees, or die on your feet  
Fire in the street, fire in the swisher  
Fire in between the two legs of your little sister  
Just get a sip of this elixir  
Before they crop us out of the picture  
I've never seen a crop circle  
But I've seen a cop circled the block  
I puff squares, but I swear one day I'mma stop my  
nerves itch  
On the brink of my career  
While my peers struggle for employment  
Can you hear these screams (Uncle Sam ain't no killing  
me)  
One two, three four grams and a fifth of Hennessey  
A bad bitch, fuck the penitentiary

[Hook]

Section 80's babies, blame Ronald Reagan, we raising  
hell

[Verse 2: Ab-Soul]

Lord forbid  
The homie got wet, so we trying to soak it in  
The president is black, but you can't vote for skin  
You vote for the better man  
Come to our show you can see the diversity  
Unified people they going to peep universally  
We might not change the world  
But we going to manipulate it  
Hope you participating  
Ayo Dot, won't you let these cats know  
We knew we'd be here, like back in 04'  
Started hiiipower because our generation  
Needed a generator and a system, meant to  
disintegrate us  
And all we do is assist them  
We're not victors, we're victims  
The bigger picture hasn't developed yet  
Like what if kids were celibate

What if Tammy came across a real man  
Who didn't play games like child-ren  
My nigga cheated on his girlfriend with his girlfriend's  
girlfriend  
Let the world end  
And everybody tripping off 2012  
And the extraterrestrial presence as well (Odd Future's  
odd)  
But our future is not, that Martial law shit dropped  
We gonna all get got  
So keep that question mark on your face  
Eat that fast food, and use that flouride toothpaste  
Hide your feelings from the public  
Work a long nine to five, don't forget to pay your tithes  
And to thank God you're alive (Hiiipower)  
And on another note  
We focused like the Hubble Telescope, Soul

[Verse 3: Kendrick Lamar & Ab-Soul]

Life is a traffic jam (Life is a traffic jam) [x10]  
I wrote this because I was ordered to  
People say I speak for generation Y  
Why lie, I do, Section 80  
Your son will play me if the radio won't  
Daughters that just turn one to twenty one listen to  
Kendrick  
For instance

[Ab-Soul]

What's your life about, enlighten me  
Is you gonna live on your knees, or die on your feet  
Take out that student loan, and pay off your college  
degree  
And do exactly what you see on TV

[Kendrick Lamar]

True story, hm, can you repeat that for me Soul

[Ab-Soul]

What's your life about, enlighten me  
Is you gonna live on your knees, or die on your feet  
Is you gonna plead the fifth, or sound the horn  
The time is now child, come on

[Kendrick Lamar]

See a lot of ya'll don't understand Kendrick Lamar  
Because you wonder how I could talk about money,  
hoes,  
clothes, god, history all in the same sentence  
You know what all the things have in common  
Only half of the truth, if you tell it

See I've spent twenty three years on the earth  
searching for answers  
Til' one day I realized I had to come up with my own  
I'm not on the outside looking in  
I'm not on the inside looking out  
I'm in the death fucking center, looking around  
You've ever seen a newborn baby kill a grown man  
That's an analogy for the way the world make me react  
My innocence been dead  
So the next time I talk about money, hoes, clothes, god,  
history all in the same sentence  
Just know I meant it, and you felt it  
Because you too are searching for answers  
I'm not the next pop star  
I'm not the next socially aware rapper  
I am a human motherfucking being, over dope ass  
instrumentation  
Kendrick Lamar  
Now fuck em' up Terrace (Soul!)
