When the sun fall out the sky  
All I have is me in the land of do or die  
A freeway, a gas pedal, and a peace of mind  
Now, that's the ultimate high  
To the cloud I go, cloud I go  
One time, baby tell me ya need me  
Cloud I go, cloud I go  
Two time, baby tell me ya love me  
Cause I've been drinking too much, thinking too much  
We ain't been keeping in touch  
Fell into lust, where is the love?  
My independency got tendencies of lack of trust  
I look at the street corners as my new woman  
Seductive as you want to be, hands on my garments  
And luckily, being in denial ain't the case  
Cause I know she's unfaithful  
Instead I'm grabbing her waist  
And every part of her is tasteful  
I know you're feelings hating  
In fact, you think I'm ungrateful. I know  
Selfish as I wanna be and every time you under me  
I get the vibe you might need some time to grow  
[Hook]  
Cause I been drinking too much, thinking too much  
We ain't been keeping in touch  
And every time that I think of your touch  
Adrenaline pump, give me that rush  
I'm going like a thief inside the wind  
Lord forgive me for my sins  
I know she want me more, but I feen for benjamins  
She said I found the root of all evil  
And lost a friend  
Lost in the world of a young boy from Compton  
That never knew love because love was never  
promised  
I know. selfish as I wanna be  
And every time I'm under you, me too  
Need time to grow.
