Ali you thirsty on Twitter!
you boo boooo , you T'd , you turnt down , you thirstyy
, you boo boooo ! unh ,

Verse 1:

i'm tryna learn somethin new .
i'm tryna find myself, i'm searchin deep for Kendrick
Lamar,
i read about Napoleon Hill and try to know God,
they say he the key to my blessings...
and if i speak the good into existance, that instant my
dreams will unlock,
money flow like water, i'll just wait at the dock .
and by the way imma start,
findin more light to shed,
like a small garage in yo backyard .
i'm back chillin with a friend of mine .
she mighty fine but i notice that her heart resides next
to bitterness .
always hollerin who she don't like , and who she kick it
with ,
who she wanna fight , who wearin a weave , who
Dooney&Bourke; bag is fake , who holdin the keys to
the car she drove last year ,
or who f*ckin on who , and who need a pap smear .
gettin on my nerves, but before yo negative energy
curve, b*tch imma cut you off .

Chorus:

cause everytime you come around ,
you be hollerin that whoop de whooop , blah ze
blaaaah , he say/she say , oh my God
shut the f*ck up !
.. hoe .
everytime you come around,
you be hollerin that whoop de whooop , blah ze blaaaah
, he say/she say ...

Verse 2:

unh ,
i'm tryna learn somethin new .
i'm tryna surround myself with people that inspire me .
or at least inquire similar desires
to do what it T-A-K-E just to reach the T-O-P .
i'm talkin ideas , motivation
it's more than making, enemies, my n*gga .
oh that's not your memo ?
then tell me why you constantly stressin on how you
well connected like centipedes, my nigga ?
i function with you and you flaunt your pistol
every second tell me how you pressed em at the Monte
Crystal .
where so&so; from , and what neighborhoods beefin,
who baby momma's a rat, and who got killed last
weekend .
that shit is mad depressin, bringin me down .
speak on somethin with some substance that can get
us both paid rather than tellin me how these niggas
jockin yo style ,
or his rims ain't bigga .
p*ssy n*gga ,
i'mma cut you off .

Chorus:

cause everytime you come around ,
you be hollerin that whoop de whooop, blah ze
blaaaah , he say/she say, oh my God
shut the f* up !
.. scary ass !
everytime you come around ,
you be hollerin that whoop de whooop, blah ze blaaaah,
he say/she say...

Verse 3:

i'm tryna learn somethin new .
i'm tryna better my chances of becoming a star .
i'm tryna feel the vibe of Mona Lisa, studying art .
now paint that picture .
life behind bars , remember the very day i got caught ?
i murdered a rapper , and you filed the police report ?
see what i was taught ,
family is all i need but indeed them too can run me
right up a tree .
constantly talkin shit 'bout the next relative,
wanting me to take sides , but i'd never give in .
ever since grandma died , everyone parted ways .
argue on holidays ,

left my uncle in prison for 15 years no one paid ,
him attention but moms, yeah my momma as loyal as
any sister would come .
come to my house just to yap bout your own
people...dang ,
and if yo blood wasn't runnin through my veins i would
prolly cut yall off ... too ! yep .

Chorus:

cause everytime yall come around ,
yall be hollerin that whoop de whooop , blah ze blaaah
, he say/she say , oh my God
shut the f*ck up !
(keep it runnin Ali)
everytime you come around ,
you be hollerin that whoop de whooop, blah ze blaaah ,
he say/she say...
