[Intro]

Gather 'round

I'm glad everybody came out tonight

As we stand on our neighborhood corner

Know that this fire that's burning represents the  
passion you have

Listen

Keisha, Tammy, come up front

I recognize all of you

Every creed and color

With that being said

F#CK your ethnicity

You understand that?

We gon' talk about a lot of shit that concerns you

All of you

(Now everybody throw your hands up high

If you don't give a fuck

Throw your hands up high (x2))

[Hook]

Now I don't give up a f\*ck if you

Black, White, Asian, Hispanic, Goddammit

Yellow P, Sugar P, F-ck your ethnicity, nigga

[Verse 1]

Fire burning inside my eyes

This the music that saved my life

Y'all be calling it hip-hop

I be calling it hypnotize

Yeah, hypnotize

Trapped my body but freed my mind

What the f-ck is you fighting for?

Ain't nobody gonna win that war

My details be retail

Man, I got so much in store

Racism is still alive

Yellow tape and colored lines

F-ck that, nigga look at that line

It's sold out first day

Getting off work

And they wanna see Kendrick

Everybody can't drive Benz's, and I been there

So it make it my business  
Stay giving my full attention, 10-hut!  
Man, I gotta get my wind up  
Man, gotta get down with God  
Cause I got my sins up  
Matter of fact, don't mistake me  
For no f-cking rapper  
They sit backstage and hide  
Behind the f-cking cameras  
I mosh pit  
Had a microphone and I tossed it  
Had a brain, then I lost it  
I'm out of my mind, so don't

You mind how much the cost is  
Penny for my thoughts  
Everybody, please hold up your wallets  
Yeah man, I'm the mailman  
Can't you tell, man?  
Going postal, never freeze up  
When I approach you  
That's star struck and roast you, oh myâ€!  
HiiiPower

[Hook]

[Verse 2]  
I'm tired of y'all  
Cause everybody lied to y'all  
Do you believe it?  
Recognize them false achievements  
It's treason and I'm Tylenol  
I knock out when you knock it off  
Knock on the doors of opportunity  
I'm too involved, I'm no activist  
I'm no Einstein before calculus  
I was kicking in Math  
Dropping that science  
Like an alchemist, and I be  
Kicking that ass  
Lyrically, I'm UFC, if a UFO  
Had came for me  
I'mma come back with the head of an alien  
Don't alienate, my dreams  
Get it right, get a life  
I got 2  
That's a metaphor for the  
Big shit I do, boy  
TMI, TSA, man I'm fly  
Put wings on my back  
That a plane or angel? Both

Like a pilot with a halo - whoa..  
Gross..

[Bridge]

I don't mean, nothing  
So many things come through  
Them, Him, Her, You  
Hmm, Hmm, Hmm, Hmm  
I'm just a messenger  
Yeah I know life's a bitch  
Get the best of her  
Put them 3â€²s up  
They notice that we up  
HiiiPower and the power and the people  
And if they don't believe us  
They'll die

[Hook]
