[Verse 1]

Visions of Martin Luther staring at me
Malcolm X put a hex on my future someone catch me
I'm falling victim to a revolutionary song
The Serengeti's cloned
Back to put you backstabbers back on your spinal bone
You slipped your diisc when I slipped you my disc
You wanted to diss but jumped on my dick
Grown man should never bite they tongue
Unless you eating p-ssy that smell like it's a stale
plum
I got my finger on the muthaf-cking pistol
Aiming it at a pig, Charlottes Web is gonna miss you
My issue wasn't televised and you aint gotta tell the
wise
how to stay on beat cause our lives an instrumental
This is physical and mental
I wouln't sugar coat it
You'll die from Diabetes if these other n-ggas wrote it
And everything on TV just a figment of imagination
I don't want no plastic nation
Read that like a Hatian
While you muthafckers waiting
I be off the slave ship, building pyramids writing my
own hieroglyphs

[Hook]

Just call this shit hi power
N-gga nothing less than hi power
5 star dishes, food for thought bitches
I mean this shit is Huey Newton going stupid
You can't resist his Hi Power
Throw your hands up for Hi Power

[Verse 2]

Visions of Martin Luther staring at me
If i seen it how he seen it that would make my parents
happy
Sorry momma I can't turn the other cheek
They wanna knock me off the edge like a f-cking
widows peak, ugh

She always told me pray for the weak, ugh
Them demons got me, I aint prayed in some weeks,
ugh

Dear Lord, come and save me, the Devils working hard
He probably clocking double shifts on all of his jobs

Frightening, so f-cking frightening
Enough to drive a man insane
I need a license to kill
Im standing on a feild full of Landmines
Doing the moonwalk hoping I blow up in time
Cause 2012 might not be a f-cking legend
Try and be a f-cking legend
The man of mankind
Who said a black man in the illuminati?
Last time I checked, that was the biggest racist party
So get up off that slave ship
Build your own pyramids, write your own hieroglyphs

[Hook]

Just call this shit hi power
N-gga nothing less than hi power
5 star dishes, food for thought bitches
I mean this shit is Bobby Seale making mills
You can't resist his Hi Power
Throw your hands up for Hi Power

[Bridge]

Everyday we fight the system just to make our way
We've been down for too long, but thats all right
We was built to be strong, cause it's our life
na-na-nah
Everyday we fight the system, (fight the system)
(Never liked the system)
We've been down for too long, but thats all right
na-na-nah

Who said a black man in the illuminati?
Last time I checked, that was the biggest racist party
Last time I checked we was racing with Marcus Garvey
On the freeway to Africa til I wrecked my hardy
And I want everybody to view my autopsy
So you can see exactly where the government had shot
me
No conspiracy my fate is inevitable
They played musical chairs, once I'm on that pedestal
Frightening, so f-cking frightening
Enough to drive a man insane, a woman insane
The reason Lauren Hill don't sing or Kurt Cobain
loaded that clip and then said BANG!

The drama it bring is crazy
Product of the late 80s
Tryna stay above water, thats why we shun the navy
Pull your guns and play me
Let's set it off, cause a riot, thow off molotov's
Somebody told me them pirates aint got lost
Cause we've been off slave ships
Got our own pyramids, write our own hieroglyphs

[Hook]

Just call this shit hi power
N-gga nothing less than hi power
5 star dishes, food for thought bitches
I mean this shit is Fred Hampton on your campus
You can't resist his Hi Power
Throw your hands up for Hi Power

Thug life, thug life!!!
