[Verse 1: Kendrick Lamar]

Ughh  
Yeah  
Kendrick Lamar  
Ha ha haha HA

This feels like, right in front of the freeway  
And when I'm done this should be in front of a DJ  
I watch whack rappers put their soul on Ebay  
To expect excellence knowing their effortless  
I don't have a preference, I dislike all  
Say you run the globe? Well more like a disco ball  
I spread love as well  
Little nigga, big dreams, can bear-hug a whale into a  
lobster's tail  
Ugh  
Evacuate premises, rap's sinister suspicious (?)  
The pastor stand back, the bible is open, the words  
have been spoken  
The moon and the stars align with the bars  
The broads are snapping their bras in broad day  
Cops meeting their quota running for arcades  
The three initial's on the pistols printed all K's  
The end is almost near, inferior of nothing  
Superior is an option and my synopsis is that I'm Frank  
Sinatra  
On the roster, top running  
Running races with my own shadow  
Look in the mirror then I start to battle  
A pyru is a crip, nah a pyru's just a value that is sure to  
be heard (?)  
Like a fuckin sheep's cattle, niggas got some nerve  
Talkin bout they move birds  
Only thing I move now is a noun and a verb  
I am now on the verge of telling the real story  
Of a Compton native in the city "that kill for me"  
Cus you fabricated the realness  
The county building and the county children on food  
stamps  
Grew up firing street cred, talkin about "whoop whamp"  
But that's never the case

Just a good lawyer who can sever the case  
Recording live from the city where the skinny niggas  
die and the semi bullets fly  
Drinking Remy out bottle till the pain run dry  
Like a desert  
Once the Desert Eagle ride by, what you reppin?  
What you reppin my nigga, you got a weapon?  
Well I got a profession my nigga  
It's called hip-hop since Pac was on gridlock  
Me against the world every hour, every second my  
nigga  
You want something, get something  
I could start a career AND I can end one, I'm H1N1  
UGH  
Straight A student who flow stupid  
Real raps get permanent income, UGH

[Outro]  
Beats and bars  
Kendrick Lamar  
Maestro whattup?

Ha ha hahaLL
