It's morning.
And you're still right here w/ me. I wish you could call in
and take off the
rest of the week. I know your girls thinking, Where in
the hell can you be?
With the good love that you're giving to me. It's a
shame you've got to leave
me baby.

Chorus
You don't belong to me.
And I don't belong to you.
No matter how hard we try, We're still on borrowed
time.

You still go home to her.
So you don't belong to me.
I know it feel so right we're still on borrowed time.

You gotta stop calling me and telling me I'm where
you'd rather be it's been
19 week. And you're still playing your games
everyday...oh oh I would never
ever want to hurt her no no, so I'll take the initiative and
let you go.
Until you're ready to come home to me yea yeah.

chorus
You don't belong to me.
And I don't belong to you.
I know it feel so right we're still on borrowed time.

You still go home to her.
So you can't belong to me.
Although it feel so right. We're still on borrowed time.

Somehow (I wish I'd fine)
To make you, (and I mean) all mine.
You feel (so good)
How good (to good)
My heart say's there no use because you're leaving

soon.

We're never get away. It's killing me day by day. But it's
killing me oh yes
it killing me cause I know that you're feeling me baby.

Chorus (until fade)
