chrous:

boy you should listen baby I ain't missing I know you
think I'm flipping but

you won't caught me slipping you won't caught me
slipping.

verse1:

moma always warned me bout boys like you she said
that all you want to do is

run over me like shoes and take and take me to the crib
and try to find

something sweet wanna be the first to run and tell you
took my virginity but I

know I'ma hold out until I know about love, kisses and
hugges I'm sure that that

would be enough, if you just wait I'm gonna give it to
you, but before I do this

is what I want you to do.

chrous;2x

verse2: All the other girls they are grown as me, seeing
as what they've done

how they want to know about me, I tell them bout me
and you how we be holding

out, and no matter what they say we gonna show them
what love is all about, so

when we finally do the "d" it's gonna be fine like wine
oow, take some time, to

make sure it's right, so far as me and you this is what
we gone do, but you must

listen first to what I have to say to you.
