Verse 1:

Let's don't let the he say
Nor the she say
Get in the way
Cuz this love we have is much to strong
Please don't wait to long just to seperate
Over child's play
I promise your the only one on my resume
That's on everything
I thought you knew I loved you

Chorus:

Will you raise your frown
(oh oh oh)
You don't have to worry
I won't let you down
Baby calm yourself down
Will you raise your frown
You don;t have to worry
Cuz I'm not happy, when your mad at me
So baby don't take your love away

Verse 2:

And after the rainy days
There are sunny days
In the future for us baby
Let's celebrate
Look how far we made it
Oh no nothing but trust
Oh we fuss we fight
But I know soon it will be alright
I can't ever see myself with out you
Oh I love you
How long are you gon' be mad at me?

Chorus:

Will you raise your frown
(oh oh oh)
You don't have to worry
I won't let you down
Baby calm yourself down

Will you raise your frown
You don;t have to worry
Cuz I'm not happy, when your mad at me
So baby don't take your love away

Finale:

Cuz I need you
Yes I need you
Do you hear me?
Boy I need you
I adore you
I am for you
Cuz I love you
Yes I love you
None above you
And I mean it
That's forever
My forever
I treasure
Us together
Nothing measures

Chorus:

Will you raise your frown
(oh oh oh)
You don't have to worry
I won't let you down
Baby calm yourself down
Will you raise your frown
You don;t have to worry
Cuz I'm not happy, when your mad at me
So baby don't take your love away
