All we have is right now  
All we have is right now

MGK [Verse: 1]

\*cough\*

Uh, uh yeah

Staring out into the unknown

Voices in the wind telling me to come home

But I'm scared, scared that all this time I've been gone

I'll open up the door and my little daughter will be  
grown

And I'm cold, tell me why I'm so cold?

Probably cause' a shoulder turns every night that I'm on  
the road

Probably why I can't smile every time that I'm on the  
phone

And why I'm acting so wild every time that I'm alone

Save me!

I suffocate myself inside the bed

trying to cut the circulation of these thoughts inside my  
head

Like, "do I hate me or do I hate them?"

Either way I've held grudges since I was holding a pen

My father had me thinking my cousin was dead

just to hide me from the truth, how can I look at him  
again?

But this is life, and in life we learning to live

and when the past dies this where it begins cause'

[Chorus]

All we have is right now

Go hard or go home

All we have is right now

Go hard or go home

All we have is right now

Go hard or go home

All we have is right now

Go hard or go home

MGK [Verse:2]

Question, What if tomorrow never comes

And everything you said today couldn't be undone?  
Cause' all it takes is a bullet from one gun  
to take another's moment away from their one love  
I know  
See I was just an only child growing up  
Just frowns cause' I never seen a smile growing up  
But you?  
You were a friend, always down growing up  
Give the word, knew you would've blown trial growing  
up  
Fuck!  
How could we let all this petty shit blind us?  
How the fuck did we let the devil find us?  
See, we were supposed to be best friends till' the end,  
you promised!  
How'd it take that fucking night to remind us?  
I only said I hated you cause' your the only one that's  
ever honest  
Man I said I was wrong, let's get beyond this  
But It's crazy, cause' I never thought my text  
apologizing  
Would be the reason that you died driving, Damn

[Chorus]

All we have is right now  
Go hard or go home  
All we have is right now  
Go hard or go home  
All we have is right now  
Go hard or go home  
All we have is right now  
Go hard or go home

[Bridge]

Hey, and when the sky turns grey  
what you gonna do when your blues still stay?  
Tried living the dream, yeah  
But you still awake  
Anything is possible though cause' rules still break  
Hey, said when the sky turns grey  
what you gonna do when your blues still stay?  
Anything is possible cause' rules still break  
So when your dream comes don't wake, yeah

[Chorus]

All we have is right now  
All we have is right now  
All we have is right now  
All we have is right now  
All we have is right now  
Go hard or go home

All we have is right now  
Go hard or go home  
All we have is right now  
Go hard or go home  
All we have is right now  
Go hard or go home
