[Verse 1: MGK]

This ain't no halo over my head bitch
But dear God can you forgive the sinnin'
For everything that I did since the beginnin'
Because the devil around me so much
That you would think I got a death wish
Yeah, and the voices in my head get louder
Watchin' my career disappear like powder
Wish I could rewind those hours and get my life back
Strike that, hanging on this weed like a life jacket
Fuck rappin', I was really livin' everything I was spittin'
Bitch what's happenin'
Fights daily, nights crazy dream chasin' till the drugs
came
I was choppin' up them bitches like Jason
Had a motherfuckers face layin' on the cold pavement
Wake up take 'em now I feel sane
Spendin' every penny in the studio slayin'
Me and my mob workin' any odd job
Prayin' this little dream was gonna feed our babies
Save me Lord, save me Lord, what the fuck is this
curse you gave me Lord
Everybody think I finally made it Lord, but all I am is
now is a slave my God

[Hook:]

This ain't no halo...

Revelations says he will wipe every tear from their eyes
than death shall be no more, neither shall their be
mourning nor crying nor pain anymore for the former
things have passed away, EST 4 Life motherfucker!

[Verse 2: MGK]

Put that halo around my neck, bitch
And give me death
I'm 22 and this 22 on my left, God bless
Maybe I'll finally sleep
Maybe they'll return what's originally mine because
finder's keep
Maybe I will be great, and this voice of mine was

designed to be the finest key
But, I'm losing faith, everyday they got news to break
Like my single flopped, and now I ain't hot
And they don't know if I'm ever gonna see the light of
day
My labels mad or my albums bad or you ain't livin' up to
the hype we thought you had
Or lost a fan or the cops again and meanwhile I ain't
there to be my daughters dad
Fuck! what's left for me? because I don't ever want to
become a celebrity
I don't want anyone to feel less than me so put your
camera down and stand next to me
Right here, EST, everyone stand together
And if I RIP than I know everything I stand for's forever,
lace up!

[Hook:]
This ain't no halo...

And when you play this song, hold your head high,
motherfucker, don't ever look down, be comfortable
with who you are, our flaws are what makes us perfect
