Uh, yeah!  
Ladies and gentlemen,  
please welcome the underground champion of the  
world  
He goes by the name MGK, and his flow is timeless  
Uh, I let it breathe a lil bit  
You all have been sleeping on me so long,  
I let you get a couple more Zs  
Fuck it! Look  
It goes K E L L S straight from H E L L S  
In the same league with a double VS  
Tim West, can I talk my shit?  
It goes C to the... E to the...  
This is for my people that's...  
..I'm in the hood when I'm jerking them  
This is dirt, cheap living, that's why we're selling so  
Tell them come and get it  
Politicians are gimmick, Obama didn't do shizit  
Mitt Romney can suck a dizick, you know how the fuck I  
spit it  
You got a problem to spill it  
As a matter of fact you like Ben Stiller, There's  
Something About Mary  
When you get home, zip it!  
I speak on what I'm living  
I'm my city's mortician  
I kill any resident to bring my dreams to fruition  
Speaking of fruit, I'm in Heaven  
Mixing OG with lemon  
On my rapping I was on my airport, twenty... on my  
denim  
Taking 747's to the UK like Lennon  
Tell them to pre-order my album, that shit probably  
selling  
And they're probably in it, and I probably talent  
You're with your... get cracked, it was probably your  
smelling  
Oh, and .. the smoke, then I probably inhale it  
I'm a rock star, they're looking like it's probably Van  
Halen  
Now who's best? Him yes, Tim West

Spending this, back 50 times like Olympian gymnast  
Boy, I'm a G, I make the queen my mistress  
Rhyme so dope, that I fail my piss test  
Uh, hold up, I don't think they got a...  
Tim West, I said, I said  
who's best? Him yes, Tim West  
Spending this, back 50 times like Olympian gymnast  
Boy, I'm a G, I make the queen my mistress  
And my rhyme so dope, that I fail my piss test  
And this.. strictly from my teenage mist fist  
From low class districts from which I witness  
Now here's my wish list: Rolex, Benzes, bottles, bitches  
Haters, dismissed!

Uh, uh, number four, alright!  
Before we ever do this shit  
I'mma just tell that Eminem murdered this shit  
Ten times better than a mother fucker like me could  
ever murder it  
But I'mma just pick it as it's ease, mother fucker  
And make it hard for him to walk  
You know what I'm saying? So fuck it!  
Look, look! Watches I claim my position on this road  
To predict and envision and my...and my mission just  
let it breathe  
Uh, my introduction to this game is essential  
Never exaggerated publicly, I'm stretching the mission  
Keeping it simple, why stop? Let me move with the  
tempo  
Experience the innuendos coming out of my dental  
I'm a politician with a beautiful vision  
I see my opening, let me make the incision,  
I'm the newest tradition  
MG keep the ... I rock whales spitting that fire form a  
living hell  
Tell me who is real.. Cleveland, what's up?  
Cleveland, what's up?...  
Now people feel what they don't understand  
Now my community comprehends grams, uh  
We do what we can, picturing the better living so I'm  
driving like Benz  
Live long to keep growing, that's the day...  
Export my faults, poetry blowing like a...  
I'm the positive exterior while you are just a... of me  
Hopefully what? No, I care of my songs  
The weapon of choice is my voice, so I'm strap while  
I'm gone  
And I'm gone, hell!  
I got my balls in the jail  
I got my heat and the sun is up  
You are the God that never repealed

You are the God that...  
And if anyone of you got time on that...and it's still on  
the tail  
..is the man with the plan, with like one two  
Iron rings on his hand and this is for the fans and the...  
To help me down from the start, bitch, and this the  
end!
