Hook:

This is our warning shot Ah ah

The final call

This is our warning shot ah ah

The final call

This is our warning shot Ah ah

The final call, the final call

This is our warning shot ah ah

The final call

Came in no clout small bank and my big mouth

Small name but these big shots know justâ€™™ what this  
kids bout

I said shit then I ment shit, corenor I dead shit

I treat hoes just like hoes that through bones go fetch  
shit

I'm Pitbull, that X shit, that goin in at they neck shit

That we gon have a problem if i am not on the next shit

â€™™ cause i wreck shit canâ€™™ t tame me iâ€™™ m

Eminem and iâ€™™ m Jay Z

iâ€™™ ma renegade this rap shit me and all my boy like  
A-Team

Fuck wrong with y'all this is my warning shot so I better  
see you ghost

Because i would treat competition like halls

Skip conversation I come at they throats

Boy iâ€™™ m from the C-L-E-V-E-L-A-N-D and I will be  
reppin that until I die

And you either with me or riding against me so lemme  
know put them L's up in the sky Lace Up

[hook x2]

Call me the man, no better yet call me the kid

â€™™ cause ainâ€™™ t nobody this young done what I did

â€™™ cause ainâ€™™ t nobody this young go through the  
shit I went through these past couple years and lived.

Y'all suckers, hickey shit,

ima real rockstar Nikki Sixx

I'm Minajin y'all jus watching got damn y'all Nikki's  
bitch

Can the game get anymore corny?

Can the fame get anymore boring?

Can any lame y'all think is dope put out garbage and  
make it easy for me?

Is it possible for anyone to adore me,  
Is it possible for anyone to record me  
So I can address all the people that took my clothes,  
videos, songs and put em out before me  
And it's impossible to die  
Possibly to live with the endless lyrics? Somebody call  
the paramedics  
**SOMEBODY CALL THE FUCKING PARAMEDICS**  
Is it even possible to lack the academics to get the  
credit in the city and never spend a minute in a class  
Fuck that kiss my ass, drink til it's pitch black roll it up  
let me hit it.
