You know I can be like that man you can see.
Guess what's hiding in me.
It's that thing I stole from in sickness.
I know you'll clean this blood off my business and
embrace me.

Now you can stand it (don't ask me to)
Help just 'cause you're stranded (I don't want to)
You know where you'll end up (not in my head)
Screamin' and alone (between the naked and the
dead)

Souls are lost in my kingdom
I've waited to see what you could bring

You'll fall

CHOR.

You'll fall into my possession, then you'll see
I'm Judas in black and I love it
You'll fall into my hands, where's your ripcord? ,
hate me?

Feel deceived and hated, thought you would make it,
Hold that glass and break it, pull that smile and fake it.
Sit up and spit up
Really wish you would wake up

Souls are lost in my kingdom
I've waited to see what you could bring.
I'm heedless as I take you in.
And feed you my mind and sin

Repeat Chorus

The purest of all black and damned souls.
Now I've claimed what was yours
And I will use it as I damn well please.
You'll see me coming but you won't feel
As I enter your body and rip out the real you.

Inside you is me
As you act I breathe
Guess what's up my sleeve
