Now don't you think this shits outrageous for the  
Phenix they gonna add a couple history pages and  
I'm a grab a noose and just hang around  
See what's comin up from the underground  
Nothin' to fear cuz the man is fearless  
No peer pressure cuz the man is peerless  
It appears now that I must be eyeless  
With no peers should I really be driving  
But somebody's gotta step up mobilize and  
Keep the ground moving from left to right and  
Stay grounded with you head in the sky  
Keep an ear to the concrete  
An open mind  
Now Mr. Emcee don't step to me  
Talkin' that I ain't hard just  
Leave me be and  
If you're a player keep your shit in a locker and twist the  
key  
Cuz playing games and tricks are for kids it  
Aint for me (what)

[CHORUS]

I'm a make 'em say what  
Say what

I'm a thief cuz I got a way with words  
And I'm a nice guy but still got a way with the girls  
I'm a break molds, smash the stereotype pass the  
Hype and make high def out of standard life and when  
they  
Play me at the club I don't make it rain  
I pull the fucking plug and let the shit drain

Sit back and try to enlighten a brain  
Then plug yo ears up flow and fill 'em again I don't  
Rise from the Ash I set the fire  
Laugh in the face of a do or die (HA!!)  
If money makes the world spin round then  
I'm a spit hot fire and burn it down (Dylan!)  
I keep my beats fly y'all waitin on your boardin pass  
Stuck in a line TSA in ya ass  
The more that you want the less that you get

The more that you talk the less that you hear

[CHORUS]

I'm a make 'em say what  
Say what

While every new comer tries to outdo the last  
I just want to do my thing let you know where I'm at  
Some people get mad when I come out a winner  
Even more when they got to eat their words for dinner  
And push big words through a little hole  
In their face like Grace or Riley O!  
Wake up kid and smell the starbucks and  
Know that when you diss me that I just don't give a  
(WHAT!)

[CHORUS]

I'm a make 'em say what  
Say what
