Set free by the demons  
With the powers to reign  
Born to rule the world  
No I never could be tamed  
I can see it in your eyes  
I command you obey  
Feel the thunder bolt lightning  
The daylight fades away

Burn down the gates  
Feel my Love'n' Hate  
Burn down the gates  
Feel my Love'n' Hate

Destiny brings me here  
To protect an' to serve  
I am your lawful master

Trade your diamonds for pearls  
I can see it in your eyes  
I command you obey  
Feel the thunder bolt lightning  
The daylight fades away

Burn down the gates  
Feel my Love'n' Hate  
Burn down the gates  
Feel my Love'n' Hate  
Burn down the gates  
Feel my Love'n' Hate  
Burn down the gates  
Feel my Love'n' Hate
