We like them girls with functioning vaginas  
Functioning vaginas  
Functioning vagina-ginas

We like them girls with at least two limbs  
At least two fuckin' limbs  
And one is a leg - what!

We like them girls who can write their name  
Write it on a piece of paper  
They can write their name, right

We like them girls with functioning vaginas  
Functioning vaginas  
Functioning vagina-ginas

I don't give a damn if a dame is ugly as sin  
With a bunch of scruff on her chin  
And one functioning limb

She could have a hundred babies  
From maybe 80 babies' daddies  
And crazy acne  
I don't need a babe to make me happy

She could be a Russian with a husband  
Or even my second cousin  
As long as she doesn't bust on my lovin'  
End of discussion

She could be dyslexic  
With pits that are wretched  
I'll even have sex if she's pregnant  
As long as her vagina ain't an arid desert  
(Wow)

We like them girls with functioning vaginas  
Functioning vaginas  
Functioning vagina-ginas

We like them girls who can eat food, eat food

Give 'em some food and they know what to do next

We like them girls that don't stab, don't stab  
Don't stab, don't stab, don't stab

We like them girls with functioning vaginas  
Functioning vaginas  
Functioning vagina-ginas

I need a girl  
Who can blow her nose and count her toes  
And doesn't need help puttin' on her clothes  
Walks on the sidewalk, not in the street  
Can at least get flip-flops on her feet  
A girl that can form real words with her mouth  
And color inside the lines  
Pass a first grade reading and math test  
Don't gotta do the best

She's potty trained and don't mess on the floor  
I want her to speak  
(Whisper:) But less is more  
Know how to think  
Know how to blink  
Hey girl, whatcha sweatin' me for?

The type of girl I can take outside  
My standards ain't that high  
A girl that can make out shapes  
And knows that rain comes from the sky  
(Yeah)

We like them girls with functioning vaginas

We like them girls with at least two limbs  
At least two fuckin' limbs

Girl, you could have A.D.D.  
(A.D.D.)  
But I'll date you if you know your abc's

(Hell yeah)  
I need a girl

We like them girls with functioning vaginas  
Functioning vaginas  
Functioning vagina-ginas

We like them girls who can eat food, eat food  
Give 'em some food and they know what to do next

We like them girls that don't stab, don't stab
