It's not like it used to be, ancient history  
Why are we throwing those stones  
Cold sweat and blistering, sounds like a plea to me  
Don't just go throwing your words, save your breath  
and be still  
Save your breath and be still

No other drummers have went quite this dark  
There's still light but you can't close the \_\_\_\_\_  
You won't know if you're coming in light 'til your ship  
has arrived

Relish this moment, 'til death do us part  
I want answers before it's too late  
Take your time old man, take your time  
Take your time old man, take your time  
These vultures are happy to wait

Savor the sympathy, one final victory \_\_\_\_\_  
Bring me \_\_\_\_\_, look it's not hard to find  
Scariness under your bed, save your breath and be still  
Save your breath and be still

No other drummers have went quite this dark  
There's still light but you can't close the \_\_\_\_\_  
You won't know if you're coming in light til your ship  
has arrived

Relish this moment, 'til death do us part  
I want answers before it's too late

Take your time old man  
These vultures are happy to wait

I'd like to forgive and forget, but I can't  
It's just one of the ways that I'm petty  
I'll leave you to carry this weight, to burden the rest of  
your days  
I'll leave you to carry this weight, all alone  
And no single regret to the grave

It's not like it used to be, ancient history

Why are we throwing those stones  
Cold sweat and blistering, sounds like a plea to me  
Don't just go throwing your words, save your breath  
and be still  
Save your breath and be still

No other drummers have went quite this dark  
There's still light but you can't close the \_\_\_\_\_  
You won't know if you're coming in light 'til your ship  
has arrived

Relish this moment, 'til death do us part  
I want answers before it's too late  
Take your time old man  
These vultures are happy to wait
