I only kept to myself,  
Confided to my family and no one else.  
But then you came along and changed everything.  
I couldn't even stand to be in the same room,  
But I had a realization when I came to,  
I just can't live without you  
You're all that keeps me going, you are my steady  
hand.  
With you, I'm not scared or ashamed of who I am.  
You are the only reason I can stand in the sun again,  
You say that you want me to stay, I just don't know if I  
can.  
I'll keep myself controlled.  
From now on, you'll have my heart and soul.  
I just hope, that you can cope, with what I've become.  
I felt the love I never knew,  
And this I know is true,  
I just can't live without you.  
You're all that keeps me going, you are my steady  
hand.  
With you, I'm not scared or ashamed of who I am.  
You are the only reason I can stand in the sun again,  
You say that you want me to stay, I just don't know if I  
can.
