everyday the people in your head
keep turning into things I dont think I can be
don't you know
if you don't swim you'll go to the bottom of the ocean
and no one there is gonna make you be the things you
really need to be
like something that would stay when everything turns
grey

one day you'll wake up at night
and I swear you'll feel your skin just walking right out
on you

and I dont know what it is I've done
but they want to make me pay
so I dont think that I'm gonna stay today
and when you sleep
just keep the best parts for me
like something you should say when it's much too loud
to speak

everyday
the people in your head
keep turning into things
I dont think i can be

one day you'll wake up at night
and I swear you'll feel your skin just walking right out
on you

everyday the people in your head
keep turning into things I dont think I can be

everyday the people in your head
keep turning into things I dont think I can be
