Sorry to bother you  
The service was unavailable  
Like my original thought  
I can't think the same  
I'll settle for neutral ground  
Obviously I can't make the reach  
If I stare into those eyes again  
I won't be able to hold this back any longer  
I won't be able

I'd love to see your face  
You'd take me away from this place  
I could give you the stars  
But I'll never go that far

I'd love to see your face  
But I'll never go that far

This is love, like never before  
This is pain, like time before  
No one is speaking like they used to  
Maybe, maybe, this is love  
Like never, never before  
Maybe, this is love  
But I have one thing left to say  
Chloe, this is love
