Hey you got to be honest  
You got to be the only one  
You got to be the one

Hey you got to stay awake  
You got to start to save the world  
You got to be alert

Shadows... shadows...  
In the world we living on  
Shadows... shadows...  
In the world we living on

Shadows... shadows...  
We're alone in the world we own  
Shadows... shadows...  
We're alone in the world we own

Hey the killer of the world  
The money blinded junky man  
The loveless son of man

Hey nothing isn't right  
The future is in so much pain  
The lovers are in vein

Shadows... shadows...  
In the world we living on  
Shadows... shadows...  
In the world we living on

Is this place where we fly in  
Is this place where we don't win  
Is this the shadows that lived in our profit  
Is this the shadows that we all wanted

And our life are burned by the fire  
Of our sins and tonight  
I believe that we won't win

Here in the cities

Shadows on the run  
Nothing is real  
Nothing can't be done

I am the shadows  
I'm the only one  
Make me believe  
That nothing can be done
