Every day  
The memories fade away  
The older I get, the more I forget

(Things like) - Important things  
(Things like) - Dates and times  
(Things like) - Where I laid my keys at  
(Things like) - Where my favorite hat is at

But it seems I never can forget about you

I forgot to forget about you again  
I forgot to forget about you again  
I forgot to forget about not thinking about you all the  
time  
Even though you're no longer mine  
(Can't get you off my mind)

Turn the page  
And I'll lose my train of thought  
What was I about to say  
As time goes by I find things slip my mind

(Things like) - Important things  
(Things like) - Where I laid my keys at

(Things like) - Where my favorite hat is at  
Did I park in the front or the back

But it seems I never can forget about you

I forgot to forget about you again  
I forgot to forget about you again  
I forgot to forget to stop thinking of you all the time  
Even though you're no longer mine  
(Can't get you off my mind)

Its time for bed  
I hope pleasant dreams fill my head  
Through the years I've shed a million tears  
And happiness is back when you were here  
(Things Like) Touchin' my face

(Things like) Kissin' my mouth  
Makin' love to me in every room of the house  
Oh God I know I'll never stop thinkin' about Her  
'Cause I forgot to forget about you
