The Sherrif's lookin for us
He says our music is illegal
But he will never catch us
Though he's been tryin' from the get go

So - You better think about it long and hard
Before you side up with this outlaw
You better think about it long and hard
If you decide to ride with this outlaw - you will be an
outlaw too
And share my outlaw blues baby

I just seen another wanted poster
And the reward is a growin'
So I'll take my gun out of my holster
In case you bounty hunters close in

So - You better think about it long and hard
Before you side up with this outlaw
You better think about it long and hard
If you decide to ride with this outlaw - you will be an
outlaw too
And share my outlaw blues baby - blues baby

I've been on the wrong side of the law
For so long that its all that I know
I've been on the wrong side of the law
For so long that its all that I know
You better think about it long and hard

I see the sherrif by the front door
As we are on the stage a rockin
I know he wants to come and cuff me
But the Mojo Show will not be stoppin
You know my pony is outside yeah
I'm about to make a run for the back door
So if you're with me - let's go

You better think about it long and hard
Before you side up with this outlaw
You better think about it long and hard
If you decide to ride with this outlaw - you will be an

outlaw
Long and hard...
