Take the guitar player for a ride
never he is left bein' satisfied
thinks is all some kind of death
just can't seem to get over it

With your bowl indeen
on your movie seen
and you don't know what i mean
but you don't know what i've been

If you jump in his hips
and your spanish lips

Take the guitar player for a ride
he's never wants bein' satisfied
thinks is all some kind of death
but takin' years to get over it
but you're so easily overexcited
we would have in a party but we won't invited

I took the key down to the Harbour Inn
over the cops he want let it mean
but he's used to be in turn away
he's gonna show them some fine day
and you're so easily excited
we would have in a party but we won't invited

With your better days and your shifty face
and your purple eyes
is like a game that you play
and you're so easily overexcited
we would have in a party but we won't invited

Until i found myself on the floor
i find a new better that i know now
always wear chost on my head
and i guess and i got overthere
i was so easily excited
there was always a party but i was never invited

Pretty baby said she was glad she got this far
and she where upon the roof just to read the stars

i gave her a hug and a kiss
but i can never give her this

Take the guitar player for a ride
he's hardly havin' been satisfied
thinks is all some kind of death
maybe you can help'em get over it
but you're so easily excited
it's like havin' a party and you won't invited
