My highest call my greatest cause  
Is loving You  
Your perfect love has won my heart  
Now I am Yours

Your sacrifice demands my life and I will live to honor  
Your holy name the price You paid and so I sing

You're my first love You're my true love  
You're my reason You are why I breathe  
I will give You my devotion all of me

All of me

You chose the cross You chose me  
Surrendered Your life You chose me  
Though I did not deserve You chose me  
So I choose to love just as You chose me  
I put You first as You first loved me  
I'll treasure Your grace as You died for me
