Everything I am I give You  
All I hold inside is for Your praise  
It's all for You  
All my life to You surrendered  
All I have I give to You alone  
It's all for You  
It's all for You, It's all for You

My soul sings my soul sings  
Hallelujah  
God great and glorious You are  
God great and glorious

My soul sings, my soul sings  
Hallelujah  
God great and glorious You are  
God great and glorious You are

All the worlds that You've created

Burst to life in beautiful display  
It's all for You  
Earth and sky to You surrender  
All creation rises at Your name  
It's all for You, It's all for You  
It's all for You

You created the heavens high  
By Your power the earth and sky  
God Your love lit the starry night  
King of ages Jesus Christ

So we sing praise praise praise to God on high  
So we sing praise praise praise to Jesus Christ  
So we sing praise praise praise to God on high  
So we sing praise praise praise to Jesus Christ
