I've been pushing forward, but I don't think I'm gainin'
much.

If I help you up, will you be my crutch?
And the world can see, my Juliet around my neck
Not a weight, she's keeping my head up.

Juliet, heaven can wait
There'll always be a place for someone like you
Juliet, heaven can wait
No, they can't take you away from me.
And they won't take me away from you.
Away from you...

All the wine and roses seem so far away,
From the life we live as I hold you here today
Yes I loved you up into a sunset paradise,
That your smile help to awake.

Juliet, heaven can wait
There'll always be a place for someone like you
Juliet, heaven can wait
No, they can't take you away from me.

When love's not what it seems,
When you try but you can't reach your dreams,
When time's not always on your side
No they can't take you away
Can't take you away

Juliet, heaven can wait
There'll always be a place for someone like you
Juliet, heaven can wait
No, they can't take you away from me.
And they won't take me away from you.
Away from you...
