Ginger girl, You're a gift to the world, you know  
3 am and I lay in my bed alone  
Everybody saw it coming  
Everybody saw it coming, but me

I let my guards go down again  
My heart is glass on your hands  
I'm not a fool, I'm not a child  
I've been around for a while

When I look in your eyes, a part of me dies, you know  
My movements are trapped to the will of your heart and  
it shows  
Everybody saw it coming  
Everybody saw it coming, but me

I let my guards go down again  
My heart is glass on your hands  
I'm not a fool, I'm not a child  
I've been around for a while

I let my guards go down again  
I live my life with no plans  
I'm not a fool, I'm not a child  
I've been around for a while

I let my guards go down again  
My heart is glass on your hands  
I'm not a fool, I'm not a child
