I have never know such grace
Such affection
Just all in one kiss
You left me at this

I have never seen such beauty
Such foliage
Just all in one place
Right on this lake

Well the sun is setting so quickly
I can hardly wait for the moon

I'll stay right in this daze, in this thought
I'll be certainly longing for
I'll stay I want to be near to you

I'll be certainly longing for you

Here we are under such a setting
In such an embrace
Pink air on our faces

Here we are and it's always shape shifting
It's never the same
It's constantly changing

Well the sun is setting so quickly
I can hardly wait for the moon

I'll stay right in this daze, in this thought
I'll be certainly longing for
I'll stay I want to be near to you
I'll be certainly longing for you
