I could rule the world in this highest tree
Thrusting to the sky would you climb up for me?
Cause we could rule the world honey
I could be deceiving if you want me to be
I could be everything if you just ask kindly
I could be your girl

I could rule the world
I could rule the world

I bet you want me

I could be explosive unexpectedly
Bursting to the sky like a cherry bomb tree
I could blow this world
I could be deadly I could be, I could be
And I could be anything if you just say please
Cause I wanna be your girl honey

I could rule the world
I could rule the world

I bet you want me now

I could rule the world
I could rule the world
I could rule the world
I could rule the world

I bet you want me now
